Product Information	Highball with Japanese Yuzu!					
	<p>Yuzu is a Japanese citrus fruit which has a tart & sour flavor, and a bit of bitterness like a lemon mixed with a mandarin orange, but it has highly aromatic rind.</p> <p>This highball is made from Kizakura semi dry sake infused with Yuzu and carbonated to give extra refreshment.</p>					
Food Pairing	<p>Teriyaki chicken (seasoned with Soy sauce and Mirin) makes a great match with this product. The distinctive aroma of Yuzu can give the rich dish a fresh accent.</p>					
	<p>It also pairs well with Yuzu related cuisine such as Grilled white fish with squeezed Yuzu, and Japanese Hot Pot.</p>
